

# LID-0000725 - Paper Cutting Machine

Published on: **03 Jul, 2017**

Category: **Paper And Pulp Machinery**

Location: **Uttarakhand, India**

## Specifications

Quantity Available : 1

Volatge : 220V

Frequency : 50 Hz

## Overview

Category : Paper And Pulp Machinery

Sub-Category : Paper Cutting

Manufacturer : Indian Make

Year : 2016

Condition : In Working Condition

Status : Decommissioned

## Description

### Used Paper Cutting Machine For sale.

Automation Grade: Semi-Automatic, Manual

Capacity (pieces per min): 0-20, 20-40, 40-60, 60-80, 80-100

Paper Material: Paper board

Product Description:

Paper Plate Size: 4" to 15"

Thali Dies: 10" to 18"

Dona Dies: 4" to 8"

Paper Material : 80 GSM to 500 GSM

Production Rate: 2 Dies

Paper Plate : 4000 to 6000 Pcs/Hr , Thali : 1000 to 1200 pcs/hr , dona : 800 to 1000 pcs/hr

Power Source: 220v - 50hz.

Electric Motor: 2hp (Single Phase/Three Phase)

Weight of Machine: 250Kg(Approx)

Oil Tank Capacity: 30 Ltrs.

Power Consumption with Heater: 2 Units/hr.

Additional Information:

Production Capacity: 3500-4000 pcs per hr

Key Features:

Fully automatic

Minimum power losses

Compact Construction

Convenient to install

Latest Hi-tech machine

Low noise transmission

Longer functional life

Laminated or non-laminated

Machine takes the paper itself

**The price is negotiable**
